JD

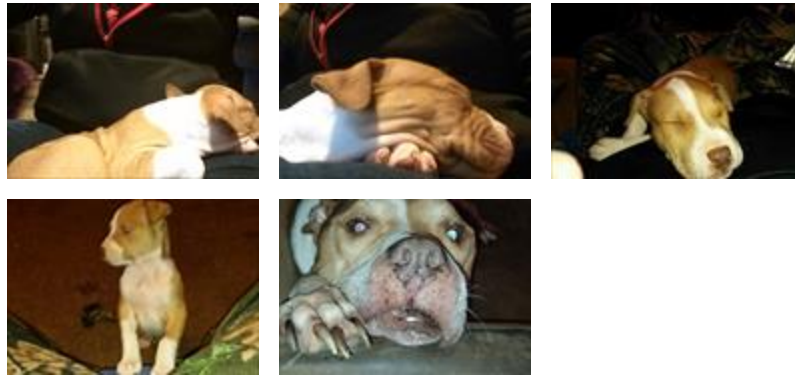

“ The day I met you I knew you were not only my fur brother but you were our protector. These past 2 years I came accustomed to seeing you daily and having your slobber all over me because you wanted cuddle. I will never get to cuddle you again but I will forever have you in my heart ❤️ you are now at rest and peace and so much more comfortable. Your fur cousins Blue and Kingston will miss you so much. Climb that rainbow bridge and fly high. Give them hell up there Apollo. 💜 🐕🐾 I will love you forever and this hurts me. Your fur sister and cousins will take care of your beautiful family I promise 💜

“ *The day i brought him home and Chauncey did not want him. To see the love he already had for him in his eyes when he held him and told me he gets to pick his name. I knew he was our fur baby. Our newest family member. Years went by and the love was always there.*
