“ Precious baby bear! I'm sure you're being so vocal to all of the doggies you get to meet in doggy heaven.. your mom misses you so much already. You'll always have a place in your aunt Jess's heart ☐ watch over your family bud ☐ 🍷

“ Bear loved going on adventures, his family, and cuddles. He loved to play. His favorite part of taking a bath is when it was over and he could dry off with a case of the zoomies. He loved to kayak and hike new places. My first dog, my forever baby. He leaves behind his human brothers Greyson and Theo, his doggy brothers Cuda and Chief, and his kitty sisters Nala, Coco and Tuna. He is so loved. Mommy and daddy will miss you forever.
