

## Brewster Howell

October 18, 2008 - August 14, 2023

Brewster Howell, who was born on October 18, 2008, died on August 14, 2023. He was truly a precious gift from God sent to spread love to all who met him. His pink nose, his pure white fur, his gentle eyes, and his pointed ears made everyone immediately fall in love with him. His gentle temperament truly made him special. He gave kisses freely to any and all who offered him a cheek.

He enjoyed his daily walks at the park, especially with his buddies Wishbone, Cha Cha, Maggie and Joy. He was known for his acrobatic hand-stand bathroom relief. He loved to cuddle up close to his daddy to take a nap or to sleep at night. He loved his window bed so he could watch the events happening outside. He enjoyed dinner at the table with his grandma and daddy followed by his favorite treat(s).

Christmas was his favorite time of the year when he would spend his time napping under the Christmas tree. He was a huge supporter of anyone's birthday as he would sing Happy Birthday alone with the other birthday guests. His gentle pawing of a leg or his silent bark when he needed something was just a few of his sweetest personality traits.

He was known as the "church pup" as he often visited the church with his daddy and brought smiles and much love to the elders there. God sent one of

his greatest small creatures to bring love and joy to all of those he touched and now Brewster has crossed the Rainbow Bridge and rejoined his buddies and his pap pap in heaven.

KN

“ My favorite memory of Brewster was getting to be there for a birthday where he saying his little heart out. Then we went for a walk in the park, and he showed me his handstand potty break. This little guy was truly special and will be missed.
