*Buddy was one wonderful loving dog.*

*Before he adopted Lisa Williams as his new family, he often stayed, during the daytime, at my house in Estate Wintberg , USVI that I use as my office. Everyone of my clients and friends was greeted by Buddy on their arrival for our meetings.*

*They all still ask where he is...which until now I responded that he had retired to Lisa's home and then to Pittsburgh.*

*He is very much missed....RIP Buddy!*
