“ Cerebus was born june 1st 2012. His parents were chevy (mother) and debo (father). I had the privelege of birthing his litter, there were 7 puppies born, he was the 2nd puppy to be born. I knew immediatly that he was mine. When he was a month old i was able to take him from his mom and there hasnt been 1 day since that we werent together. It hasnt mattered what i was going thru or where we were, he always made my day better. There wont be a day that goes by that i wont think of him n how much joy he brought to my life. Anyone that met him and many who didnt also shared in the love and joy that radiated from him. He was the best dog i have ever known and 1 of the happiest. He passed away saturday august 6th 2023 around 8am. He was 11 years, 2 months, and and 6 days old. 11 years worth of true, 100 percent, pure uncondition love, he was my baby, my best friend, and the love of my life. He will be missed dearly.
