“ My sweet Charlie, you are so missed your brothers and sister are in such mourning over your loss. We are so empty without you, all I do is cry I miss you waiting for me sitting on the toilet seat while I am in the shower. I miss you crawling up and wrapping yourself around my neck to be close to me. I miss you nuzzling my nose to nose with you. You left our lives way to soon but for the short time you were with us you gave us so much Joy. Mommy loves you Charlie ❤️ and Emily, Louie, Willow, Gracie and River miss you so much they are in such morning without you.
