“ Enoch was a beautiful and inspiring cat. He was majestic in every way. We will always love him and thank him for the joy and care he gave to everyone he encountered in his wonderful life. He loved adventures and got himself into many fun situations. Now he is in heaven having fun and relaxing waiting for those who love him to join him. We love you, Enoch!

“ Enoch was our baby. My absolute favorite memory is cuddling with him like a teddy bear in the mornings. Also, when he came to live with us, sporting what we called his “Pokémon haircut.” The time he went missing in the woods was trying but so very rewarding when we finally found him again, knowing he was safe. I will always miss his sweet little meow and watching Over the Garden Wall with my cool little guy every Halloween. We love you so much, Enoch. You will be our Halloween baby forever.
