

Godzilla Eddy

September 19, 2010 - April 9, 2026

Godzilla, 15 of Elizabeth, was a good boy.

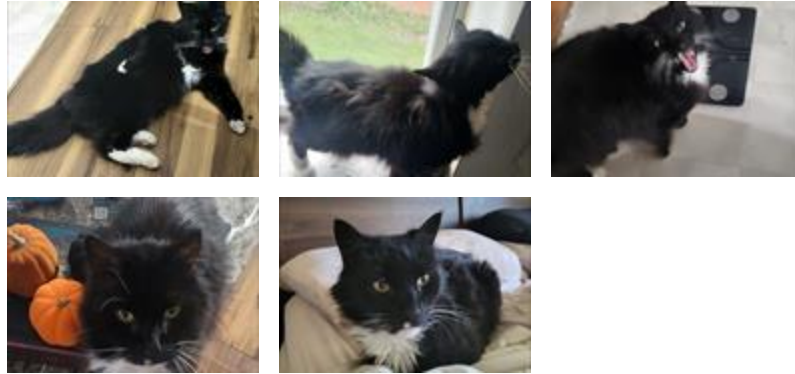

He enjoyed windowsills, heated blankets, following sun patches across the living room floor, and knocking things over with his exceptionally fluffy tail. He was known for stealing food, especially pizza crusts off of plates and his "silent meows."

He is survived by his brother, Magellan, who is pleased he will no longer have to inhale his breakfast or share his laser pointer.
