“ Merry Christmas Hachi Gotti. We love & miss you so much this Christmas Day. I dreamed of you in the middle of the night. You were laying under my dresser. Odd because you could never fit but there was your sweet face looking out from under my dresser. You are always a part of our family pack. Daddy & Bella aka Sassy are well. Please give Loko Christmas love & kisses for us. Merry Heavenly Christmas sweet boy 🐕🗓️🎄🎁❤️💚💋

Odd as that is there was your beautiful loving face. Daddy & Sassy are well. We all miss you so much. Until we are with you again know how very much you are still loved. You are always a part of our family pack. Give Loko kisses for us

“ Our sweet Ole Man. Today you have been gone from us for a year already. Our hearts still broken missing your physical presence in our life. You left your paw prints on our hearts and we are so grateful for the 14 years we were blessed with you and the honor of being your forever family. Lack of your physical presence will never change that. You were and always will be with us in heart and spirit. Loko too is with you now and coming up on a year for our loss of him soon. Take care of each other until we are all together again in Gods everlasting love. All the family is well. Sassy is doing better and adjusting but she still looks for you both in the house sometimes. Losing you & Loko has been a long heartbreak that although we try to continue to live daily the hurt of your absence lingers in our family. We love you Hachi Gotti and your on my heart heavy today and always. Missing you buddy.

“ Hi Ole Man. Just wanted you to know we are loving and missing you so much. We are at our condo in North Myrtle Beach. Its so hard being here without you and Loko. It just does not feel the same. The memories of all the adventures, beach time together makes the wonderful times we all shared here that became all our Happy Place, feels a huge emptiness . Sassy is still grieving you both. We try to keep her active but allow her the time she needs. None of our lives will ever be the same without you, Loko or Capone. We will continue to bring you with us when we travel. Your alls Urns are on the fireplace mantel here with Uncles. Give Loko and Capone love and kisses from us. Know your all ALWAYS with us , ALWAYS loved by your family and missed and you all will always be apart of your family. Take care of each other until we are with you again. We love and miss you baby 🙏🐕👄💜💙🙏🙏🙏

“ Our sweet Ole' Man. You have at this moment 24 hours ago got your wings. We miss you SO much already and we love you always. Sassy & Loko are looking for you everywhere in the house. Sassy & Loko are very sad without you. I told them you are with God now resting, playing, happy and pain free. It was your time to go back home to God. You lived a great and long life. But a million years would not be enough of having you in our lives. Life will never be the same without you our precious fur son. Thank you for almost 14 years of love, loyalty and companionship. You are and always will be such a beautiful part of our family. So many tears have fallen in the past 24 hours . I know many more are ahead yet to come. Until Daddy and I can be where you are, please watch over us and know that we are loving and missing you everyday until we are with you in Heaven. Rest in Heavenly peace our sweet boy. Come visit us. We will know when its you. Thank you for the red leaves yesterday 💔 Give Capone and Uncle hugs & kisses for us and tell them we love and miss them so much. Take care of your little brother Capone there. Spread your Heavenly wings and fly high Hachi Gotti. WE LOVE AND MISS YOU. 💋💜💙🐕🐕🙏🙏🙏
