

## Jedi Soisson

February 1, 2007 - October 29, 2021

Our precious little Jedi bug, you sweet and timid baby girl. You were simply so beautiful with your silky soft black hair, bright copper eyes and your single white whisker that curled in to touch your nose. It took you so long to come out of your shell and to realize that getting loving and hugs and snuggles was just what you needed to feel safe, loved and secure. You gave your love to us immensely and unconditionally, though Momma PJ was always your favorite. You certainly loved your tuna, milk and ice cream treats; and we'll miss your tiny little voice telling us that you wanted them. Our hearts are broken and we'll forever be loving you and missing you as will Jacy & Jaspar. We hope that you are reunited with Sugar, Cotton & Jordan. You will live in our hearts forever Jedi bug until we meet at the rainbow bridge. Until then, lots of love, hugs and kisses our beautiful baby girl.
