“ I miss my girl more than I ever thought possible. Every little thing she used to do, finding random toys (that weren't hers) to bring to the door because she was excited someone was there to see her, laying in the smallest area where the sun was shining. She was the kids best protector and best friend. We all miss her. ❤️🐾

“ When u think of pit bulls u always think the worst. This dog was the sweetest kindest dog u would have loved this gentle giant. We will miss u greeting us at the door and u sitting on our laps💔💔💔💔
