“ *In this hard times I do want this to be remembered as also a blessing. I remember when Scott messaged me asking me about a certain dog breed and then the back story of how Klohe came into his and his mom's life. They gave Klohe hope, love, a home, and a second chance to fulfill a puppy life. Scott you and your parents were klohe's blessings! Its hard losing a loved one as so but just know she was one happy, beautiful, down right spoiled little girl. She will always be remembered and loved.*
