“ Donna and Family, No words adequate to express my sympathy to you for Luger's untimely death, made especially tragic because his life ended so senselessly and violently. For 30 years our lives have been connected through your children and your extended family, and our shared love for animals (especially German Shepherds ❤️). I feel this pain too. 💔  
With all my love & sympathy,  
Laura Thomson

Thank you Laura, It is so nice to hear from you, I just wish it wasn't under this nightmare. Luger was a true hero! But I all called him the kids brother, Shane and I were his proud Mom & Dad. The Grandkids were cousins. Stevie's oldest daughter Kylee said to me, "Meme how could Luger be my cousin? He is a dog!". I just said, "Honey, Luger is part of our family!" He would follow me everywhere that I would go in our home. He is missed dearly! It was an unbelievable event that took him from us. But I have prayed to God. To let Luger run freely in Heavens fields and let him drink from gorgeous springs of fresh water. Thank you dear Lord. Luger meant a tremendous amount to my family & I. Lord I know everything happens for a reason but Luger was an excellent part of our family and my best friend. I leave this tragedy in your blessed hands my Lord to handle.

“ *I remember being out in Washington and Donna and the rest of the family always coming over during the weekends, they usually always brought Luger with them and he would venture through the yard with Donna and just be living life to the fullest. It made me very happy when they brought him because he was always just the nicest dog, always knew if something wasn't right with Donna or the children, and most of all, I would always see part of my passed away dog in him, just one of the best dogs that you could meet. It breaks my heart to hear that your gone little buddy, but I only pray there's many bones and treats up in heaven for you buddy. You surely will be missed.*

“ Luger A True Hero and Now My Angel

*Buddy when I first seen you and our eyes met I knew that I was for you and your eyes said that you were for me. You will be in my heavy heart forever. As in life you were my shadow, going everywhere I went, if I moved you would move with me. Don't you worry buddy I will still reach down below the couch and bed where you would lie with me. I know you will still be there watching me and waiting for me to pet you as I always did. Not to worry Luger, since I know you will be there forever I will pet you forever. Your baby I will also take care of, as you so gently did.*

*I met God before buddy. He was very nice and mommy loves him. So you be nice and He will let you play with your brother Blitzzy. I will be with you again little boy. You are such a brave boy.. I hurt so much. I want you here! I will brush you, and vacuum you, and pet you again soon. Luger, mommy loves you and I will hold you in my arms as soon as our eyes meet again... run in Gods fields for now sweet boy*

“ Sweet Luger I will miss you from across the way. How you loved to sit and get your beautiful coat of fur brushed and watched the world go by so happily on your porch. Maverick will miss seeing you outside. Watch over Mom and the rest of your family and help her heal to know you are running free across the bridge. 🌈💙

“ Luger, you were a gift from god from the moment Mom brought you home. I was so excited to meet you that a brought you a little blue shirt to wear. You looked so cute in it, but you grew so fast that you couldn't wear clothes for long! You were all of our best friends, especially Mom's and you stayed that way until your very last breathe. Now, you go rest up and play with your buddy Jack over the rainbow bridge. We will miss you forever. 💙
