

Luna Trautman

July 5, 2021 - June 6, 2026

Luna was born July 5, 2021 and was the "purple" puppy of her litter. She crossed the rainbow bridge with her whole family on June 6, 2026.

She was an unexpected addition to our family at just 10 weeks. She was a Boxer and as expected was a tremendous bundle of energy from day 1 and that's what made her special.

She had many adventures including family reunions at camp, car rides, swimming or mostly floating on her raft, crazy walks and playing with her brother Marley. She also was an expert at keeping us on our toes with her high energy and accident prone tendencies.

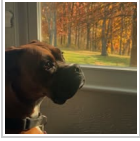

She was a professional counter surfer and enjoyed supervising anyone in the kitchen cooking. She was always available to taste test anything on demand.

She had many names including Pig, Piggly, Lunatic and many more. She had the most amazing personality and loved our family the most. She played hard and slept hard evident by the loud snoring!

She took turns spending time with both Jacey and Christopher in their room. She was the best snuggler and always had to be near us watching and protecting.

She was the best girl and will always be remembered for that!!
