

Macaroni Peluso

May 20, 2023 - May 28, 2024

Macaroni passed away peacefully on May 28th, 2024.

Macaroni was a special cat as he was found when he was only 3 weeks old in the home of Leah Gamber and Mario Peluso. The couple nursed Macaroni to health and got him acquainted with his fur sister Crease (Border Collie dog).

He loved playing with his fur sister, watching birds, eating and cuddling with his new parents. Leah had always dreamed of getting her own cat and felt like Macaroni was brought to her. He was her best friend and quickly cuddled his way into every heart he came in contact with.

He will be deeply missed.

Tribute Wall

“ *Macaroni was truly a special cat. We were in the process of getting him use to the many dogs we have living with us. The first meet and greet we had Stanley or newest rescue immediately warmed up to him. They were on their way to being best friends. I will miss him jumping into my dryer as I was trying to get clothes out and knocking all the clean, folded clothes onto the floor. He truly was a sweet heart.* ”

“ *Macaroni was a very special cat. He fell in love with every human. My daughter Gabriella now thinks that cats only hiss because that was macaronis favorite form of communication even though he wasn't being mean. He was truly amazing the best cat I have ever encountered.*

When I would feed him he would get so excited he would knock the food out of my hand into his water bowl. He is truly going to be missed. We love you Mac and miss you.
