Maggie was always the first one to greet me when I came over. I only knew her for a short time, but she was always apart of our girl days. The time spent with her was worth it over never knowing her at all. Maggie truly will be missed.

Heartfelt sympathy for the loss of your sweet pup, Maggie. There's no love like the love of a pet...and there's no loss like the loss of a pet. - Lauren & Mark E.

Maggie, my little baby girl. My best friend. My little buddy. The loss of you weighs so heavy on my heart, but the memories I have of you will last a lifetime. Your happy little face greeting me at the door will be so sorely missed. We kept each other company everyday and I am eternally grateful for the time we spent together. There was no better owner for you than Norm and I'm so glad he was able to give you a such a full life. Make sure to eat as much as you want in doggie heaven since we all know eating is your favorite thing. We love and miss you dearly. Rest easy my sweet girl.

While I only met Maggie late last year, I've become so fond of her. Anytime visiting, she would always be near by enjoying the company as I enjoyed her presence. Not having a dog of my own, I could never even begin to imagine what losing such a sweet and loving family member like that is like and I am sending all of my love to you.
