“*Dear sweet Marley. Rest in peace at Gods feet. You were deeply loved and are greatly missed. You had the utmost trust and love for your daddy. It was mutual. You knew if he said it was okay. Then it sure was. He loved you dearly and would never steer you wrong. We are all deeply saddened by your loss. Until we meet again. Sending love hugs and prayers for healing and comfort. Im so sorry for the loss of your loyal and beloved companion.*

“*To my dear Marley. No one will ever take your place. If I had one wish, it would be to be reunited with you. I can only hope that I gave you as much love as you gave me. You only wanted to give love and receive love. You were perfect! No a bad feeling in you. If people were like you, the world would be a better place to live. Hopefully I will see you again. You never know. You are my animal soulmate. Your Daddy, Michael. God I miss you. Rest in peace in cat heaven. Sorry you had to go, but your body was at its end. I will love you forever, until we meet again.*

*Very sorry for your loss, Michael. Pets are often harder to handle than people. May the Good Lord grant you peace in your grief. Love you, brother.*

*I'm so sorry for your loss, dad. She knew love and kindness, because of you. She had a full belly and a loving home, because of you. She may have made your life better and more fulfilled, but you did the same for her. She loved you, as much as you loved her. Now she is waiting to see you again one day. I love you, dad.*
