*Mav, can't begin to say how much you are missed. I keep on thinking of an old show I used to watch called Highlander. "There can be only one" was a saying about the highlander. You are my highlander. You are the one that will forever be in my heart. You are the one that the pain of losing you will never lessen. You were such a special boy and I was so honored to be your BFF. Thank you for loving me the way you did. You brightened so many lives while you were here. I know you are the brightest star now in the heavens. God bless you boy, until we meet again. Love you, BFF*

*Mavvy boy,*

*I can't thank you enough for the light you brought into our lives. Especially Jillian's. You will always have such a special place in our hearts. I'll never forget your goofy personality and the first time I personally experienced your love for the camera whenever I was taking a picture and you sat down right in front of it. Watch over your brother and sister and cousins beefcake. Until we meet again!*

*Mav was not only loved by his family, but he was loved by me and so many others. All you had to do was look at that big beautiful bear face and you'd fall in love. I'm so sorry for your loss. My heart breaks for you. I'm so glad you have so many wonderful memories.*

*My sweet, sweet Angel boy, I don't even know where to begin. You were perfect to me. Even though you did some things that drove me crazy, you were the absolute best boy EVER! Thank you for 10 1/2 years of absolute joy and thank you for being such a fighter the last year and a half! After your diagnosis, I thought our time together was going to be much shorter. But being the stubborn boy you are, you held on for as long as you could showing no signs of giving up. You were amazing and there will be no other, Mavy Boy! I will miss your big smile, your big head, your soft puppy fuzz fur, those big beefy paws and most of all, your love for me. Enjoy your time with Murphy and the rest of the crew! Khaleesi and Riggs will take care of things here for you! Until we meet again my angel, I love you and I'll never stop missing you!*
