“ Sweet Little Meggie! Loved having you as a guest here. I will miss you and Gracie cuddling on the couch with me while we watched movies. It was so much fun carrying you out into the yard to pee 'cause you didn't like getting your little feet wet! That didn't stop you though, when you spied the skunk out there one evening...you sure showed him who was boss! I'm including the first picture I ever took of you. You and Noah were just puppies and Jen wasn't supposed to let you up on the kitchen counter but she did! If anyone sees Barry, don't tell him about this!

“Megan Moo (or Megan Joseph when you were up to no good), you will be greatly missed and the Kessler household will not be the same without you. Megan was the sweetest (and cutest) dog who never lost her puppy look, loved belly rubs, chewy chews, sunbathing, venturing off without you knowing, and most importantly her owner Noah. I will miss sharing my meals with you, your bark as I walked in the door, your wiggle butt when I saw you, giving you belly rubs, and even the mini panic attacks when I took my eyes off of you for 1 minute while we were outside and you would sneak off to go on an adventure. You gave so much love and so many laughs for all of the years you were here. I hope you're enjoying all of the treats, adventures, and belly rubs across the rainbow bridge. Love you and miss you so much Moo!!!

“Moo, I'll really miss you...ok, I won't miss chasing you through the neighbor's yards in my night gown when you thought you could catch a rabbit, but, I'll miss everything else! I'll miss giving you back rubs, cuddling with you while watching TV and watching you run from the top of the yard after you went exploring. Most of all, I'll miss how happy you made Noah! You two were certainly devoted to one another. Keep chasing those bunnies!!!  
Love, Silly

*Megan crossed the Rainbow Bridge the same day as my Bonnie Girl. Never easy for us. Maybe they'll meet and explore together beyond the bridge.*

“*Oh sweet Megan. I have never seen such an expressive dog! When she gave you the "look" you just had to pick her up or give her that piece of food. It was so wonderful to see the awesome bond between Noah and Megan and for them to have that for 14 years was so special. You will be greatly missed Megan.*

“*Our sweet sweet Megan Moo. You left us far too soon. But I thank God we were with you when you peacefully passed. I have never in my life seen a dog who was more in love with and attached to her "human" than Megan was to Noah. She never left his side. He loved her more than words will ever describe as we all did. We'll miss our sweet girl. We were beyond blessed to have Megan in our lives for over 14 years! Thanks our sweet Girl for being the best dog ever! xoxoxo! -Jen*

We are so sorry to hear about your precious Megan. She lived a long and happy life with you all.*

*We know it's hard to lose someone who has been such a big part of your family for 14 years, but I believe that she ran across the rainbow bridge knowing someday she will see you again.*

*Megan Moo Moo lit up like a Christmas tree when she heard Noah's voice. She LOVED her family and they LOVED her SO MUCH! Megan brought such joy and could convince many people to share a bite of their food with her. We have lots of good memories of Megan Moo Moo! She even taught us a few lessons over her 14 years! One lesson we learned quickly was that none of us should ever bother Megan Moo Moo after her bedtime EXCEPT for Noah! Princesses need their beauty sleep! 😊*

*We will miss hearing her welcoming us into your home with her special bark and coming out to greet us but we know she is not suffering any more since she crossed the rainbow bridge. We're sure she is having lots of fun playing and eating lots of yummy treats in heaven. She will be so excited when she is reunited with you again in paradise.*

*Rest In Peace Megan Moo Moo! We love you & we will see you when we meet again in heaven. 🐾*

*Love,*
