“ *My sweet loving most loyal companion I miss u everyday I wake up to go make my coffee and prepare ur breakfast before u had ur morning meds and we'd sit together on the couch to watch last nights recorded shows. U were my shadow n always knew how to comfort me when I was sad and laid with me when I was sick. I will forever have u in my thoughts, heart, and memory. Rest easy my 4 legged baby boy. Momma loves u n will see u again someday.*
