

Mya Lynn Carr-Kennedy

May 15, 2006 - November 30, 2024

No obituary found for this tribute.

Tribute Wall

“ *I was Mya's mama. I was diagnosed with breast cancer 9-2014. My baby had such a healing effect on me. Every morning when I came home from radiation she met me at the door. She followed me upstairs and however long I stayed in bed, she never left my side. I miss her so much, my heart actually hurts.*
