“ *Onyx was the coolest cat ever. What I will remember most is that no matter how he felt he was always your friend and let you knew it. You had no choice but to let him love you once you were in Jess's and Ron's house. I'll never forget the time where Jess showed me her upstairs and we heard a noise from behind her bed that sounded like a sneezy monster, Onyx gave us a good laugh then. Or when he always crawled up on my lap or shoulder and startled me with his sudden sneezes. I'm glad I got to know him and I'm sad he is gone but I know that he is at peace now and sneezing on everybody up in heaven. Rest In Peace little man.*

“ *Onyx there will never be another cat like you. You were the most affectionate cat ever and I love you for that you comforted us through a lot you always loved being held and carried around on my hip all day. The first thing when your dad or I got home was say your name and you would greet us within seconds I'm happy when we moved you got to experience going on a leash outside during this past summer and you loved it. I really miss you so much I'm sorry you couldn't get better but I promise we tried are hardest. I love you forever bubs.*

“ Awe precious boy Onxy you are going to be very missed. Your momma loved you so very much. Daddy and Mia kitty loved you lots too. I love this picture of you with your cool little Carhart coat on that I gave your momma for you. She told me how you loved wearing it outside and that it kept you warm. Run wild and free over the Rainbow Bridge. You will never be forgotten
