*Petri, you were always around when i was little, from what i was told i used to be mean to you and pull your tail but you still always loved me. As i got older you were still my best friend from always barking and taking you outside with gram who was scared a bird was going to pick you up from the yard and take you since you were so small. Your apart of all of my memories i spent at grams house and i will forever miss you, you were a great dog.*
