

## Quincy Sauer

January 25, 2013 - June 24, 2025

Quincy, our beloved dog, died at home in Whitehall Borough on June 24, 2025. He was 12.5 years old. Quincy was born on January 25, 2013 in Texas. Quincy was rescued by the Sauers family on January 25, 2014 from the SPCA in Houston, Texas. He was a loving part of the family for 11.5 years.

Quincy enjoyed spending time with his adopted mummy, Monica, and was attached to her day and night. His loyalty to her went above and beyond. He enjoyed sleeping on her pillow at night and snoring loudly. He was a couch potato and loved to cuddle with Monica any chance he could. He was sweet as pie to every animal that came into the home and every new person he met. He never had a mean bone in his body and was an angel on Earth. Quincy loved to bark at people outside, roll around on his back on the floor, and take car rides as long as Monica was with him. His tail was always up and wagging with joy. Quincy and Monica were soulmates from the moment they locked eyes on one another. They were bonded heart to heart. He was a fuzzy big ball of love that everyone enjoyed being around.

Quincy will be remembered forever in our hearts and minds, and Monica will miss him dearly. They will meet in Heaven one day.

# Tribute Wall

JS

“ Quincy - I loved you with all my heart. You were such a good boy for us. You took several journeys with us, and you were always a trooper and a happy pup. I'll miss you forever. Justin
