“ My furry brown brother...Rocky you are truly loved and missed everyday. I look back on the pictures of you with all of us, and it shows how much we loved you. I have so many great memories of all the fun times we shared with you especially with your little best friend (Snowy). I miss hearing your bark, sharing my steak, and more than anything...just seeing your little face everyday and giving you a hug 🤗 RIP my furry brown brother...until we meet again @ the 🌈 bridge.
