Sue Ellen Serfozo

Paisley and I send you hugs during this difficult time. Rusty lived a long and happy life. You spoiled him... he was your baby and best friend. Time will heal and allow you to grieve your loss, but you will never forget Rusty. Think of the good memories you shared together the past 16 years. I hope you decide to get another puppy eventually because you were a great Fur Momma and more dogs deserve that kind of love that you gave Rusty.

My heart is breaking at your loss. The only way I got over losing a pet was getting another. They all have such a different personality. I understand why you're waiting to get another one.

To my puppy Rusty I will miss you so much. I am still looking for you to come around the corner to check on me and your not there and I pause for a few minutes cause a tear has fallen from my eyes and I

know you are watching from heaven the hurt I feel can not be put in words nor how much I love you and miss you. R.I.P. my puppy Love ya.

So sorry for your loss Sue Ellen. I know Rusty was your best friend. He kept you on your toes a lot. Made you laugh and share almost 17 years together making great memories you can cherish forever. You gave him a good life. He has crossed the rainbow bridge and can run and play like a puppy again. Think of all the good times you had and I know that will put a smile on your face. He will forever be in your heart. It's heartbreaking to lose a pet. But one day you will be together again and Rusty will be waiting for you! You were a great mom to him and took good care of him...he loves you! Hugs....hugs and more hugs.....i am here for you anytime.
