“ *Sammy, you were my first grand baby, and grand you were in every way. Alana rescued you, but in reality, you rescued all of us! You opened our hearts and minds. Alana always said you were placid and she absolutely correct. Your outpouring of love and kindness was admired by whom ever met you, be it a person or animal. We were blessed to have shared your life with us. You will always be in my Heart ❤️ I love and miss you everyday. We will be all together one day, until then, I know you are in heaven, running and playing with squeaky tennis balls. Sammy, grandma loves you ❤️*
