“ No Shi Shi was around 16-17 years old and has been with me since 10th grade(I'm 29). She was dumped on my doorstep and from that day forward she was not only my companion but also my confidant. I moved into my very first apartment with her by my side.I bought my first car with her by my side and she rode shotgun everywhere I went. I had my first heartbreak with her by my side and then I brought my first child into this world with her by my side... She was my baby before I had babies. Shi Shi was dognapped by the Philadelphia ASPCA and she literally went viral. They issued an apology letter and we were reunited. I carried a set of twins through a DV relationship with her and cried every night with her by my side. Never once did I think about how it would feel to loose you but I can tell you I would have and am still not prepared 😞

RIP SHISHI CAMPBELL 🍒💕☁️

You truly will be missed 🙏
