AH

“ *It's hard to express how difficult it was to lose you. I know that your loss was completely out of my control. I tried to give you love until the end, along with all the strength you needed to go on in your journey. I miss you so much already. You took a piece of my heart with you, one I hope to find again when my time comes, and you'll be there waiting for me.* ”

Aimee Hart - January 09 at 07:33 PM
