“ I'll always remember how your mom walked in through the door and you were the first person she'd want to see!

You were the cutest sugar bean! I got to hold you a few times, and feed you a few times! I am gonna miss your cute little face taking peanuts of my hands

Gina, Sugar is so well loved and cared for and pampered--not hard to see that. I appreciate that you introduced her to us. Not many Richardson squirrels have such a dynamic life as her. You are truly a wonderful fur mom! I'm so sorry for your loss! -Mikki 🥺
