“ Through some of the most important parts of my life Teej was there by my side. With the highs, the lows and in between; he wqw there to entertain me, he comforted me, he brought me great joy. Always so well behaved and polite. There was nothing but true love and friendship between us.

Now I have another soul looking out for me until the time comes for us to meet again in God's kingdom. My Teejeejee is now my teegel. I love you Teej. I'll never forget you.
