“ *Squirt daddy misses and loves you. Your my little buddy. My heart is broken since your gone. I miss hearing your bark and howling at the fire whistle and your little paws on the floor. I'll miss you helping me cut grass and shoveling snow. You were such a special little boy brought so much joy and happiness into my life. The other dogs are sad that your gone. No one or nothing will ever replace you. There is and always will b ea special place in my heart for you. I miss your kisses and wagging tail and sleeping with you. The house isnt the same with you gone and never will be. Rest in peace my little buddy. Love daddy*

TS

I didn't know tommy but I love animals and Tommy is a very cute little guy. Rest In Peace buddy, look down from heaven on your family and keep them safe and they will see you again. Be their angel from up above. Your family loves and misses you so much Tommy, you are their best friend, but you are apart of the family.
