“ *Losing such a faithful family member, one who loved you unconditionally is devastating. I can imagine him running and chasing and playing with those whom went before him. Remember that he will be there and meet you at the Rainbow bridge. Then you two will run and play together. How wonderful that will be.* ”

“ Oh my gosh, Tonka was the most wonderful dog in the whole world. He really was one in a million. Such a loving dog always so happy to see you. Never left Jennifer side. She was his whole world. I remember the day she came home with him. He was so cute. She fought so hard to keep him, and it finally paid off and I think he knew because, he idolized her as much as she idolized him. But Jennifer he is always going to be with you as long as you have memories of him he's always there you gave him a precious gift by allowing him to choose his time to cross the rainbow bridge. Just remember, he's not only a memory, but he's alive in your heart and in your dreams. My deepest sympathies for your most precious baby Tonka. I love you too.

“ *Tonka with his brother Atlas doing their favorite pastime. I remember you were worried a puppy would’ve been too much on him. It was the exact opposite. I believe having Atlas around invigorated him all the way to the end. He was still chasing laser lights just a few months ago like they were the same age. I lived with him for almost 5 of his 21 years and can say he truly was a kind soul.*
