“ *My Tootie what a special loved little boy. He was so lucky Deb found him and showed him the love her deserved. My mom adored him and used to cut up his cookies and feed them to him. When Kayla was pregnant with Amarie he would sleep on her belly. He will be dearly missed. Rest in peace with Sebastien, Sadie and Grammy. Love Tootie!!*

“ *He was a great dog! He loved to be loved! Didn't have a mean bone in his body. He went through a lot in his life which would've given him a reason to be mean. He was very forgiving. He will be missed for a long time.*
