

## Toots Swiech

October 13, 2021

“In 2015, I inherited Toots. She was unexpected yet such a blessing. We were never truly sure of her age, but we think she was 8yrs old at the time. While we had almost 7 yrs together, it just doesn’t seem like enough. She’d sneak out and I’d have to give chase. She would bury all her treats and she was so spunky with such a personality. Toots was simply one of the kindest souls I’ve ever known. Til we meet again, goodbye, sweet girl. I love you so much.”
